

German Immersion in

GERMANY

with Xperitas

The Xperitas short-term language immersion programs to Germany offer teachers and student groups the opportunity to explore this magnificent country through educational activities, adventurous excursions and our signature Family Stay Experience®.

German Immersion

Xperitas

Our carefully selected host families understand the value of speaking to students in German and give students a deeper understanding of its day-to-day usage. Living with a family within a German-speaking community provides students critical insight into perspectives outside of their own. Understanding cultural nuance helps achieve greater fluency and helps students build potentially lifelong relationships abroad.
