

Xperitas

Coffee Fundraiser

Xperitas is excited to partner with Custom Roasting Inc., a Midwest-based, family-owned coffee roastery dedicated to crafting high-quality, ethically sourced coffee. Through this fundraiser, students can earn money toward their immersion program with no limit to how much they can raise—so the sooner you start, the better!

How much can I earn and how is it applied?

For each \$16 bag of coffee sold, \$6 goes to the traveler selling the coffee. This \$6 profit is kept by the traveler to offset the program tuition or other travel expenses. The amount raised does not need to be reported to Xperitas, as the relationship is between the traveler and the coffee provider. This is to ensure the smoothest process for the traveler and allow all funds to be divided between the coffee provider and the traveler.

Where is the coffee delivered?

The coffee is delivered to a single address per order, which is normally the traveler's home address. The traveler is responsible for distributing the coffee to their supporters.

How long does the coffee take to be delivered?

The coffee will be delivered within 2 weeks. For orders received in December, there could be a delay into January, depending on holiday demand.

When can I start fundraising?

Our fundraiser is only open to people traveling on an Xperitas Program or supporting an Xperitas Traveler. As long as you are enrolled in a program or planning on enrolling in a program, you can start and end at any time.

Can the traveler submit multiple orders or is it best to send them in all at once?

The traveler is welcome to submit as many orders as they like. The minimum order size for free shipping is 16 bags. Orders under 16 bags incur a \$10 shipping fee, applied at checkout.

Who should I contact with questions or issues with ordering?

If you have any questions please contact Steven at Custom Roasting at 763-682-4604.
